BODYCAM® is a brand of PRO-VISION Video Systems. PRO-VISION® aggressively protects all products and copyrighted materials with patents and trademarks. Inc. 5000 is a registered trademark of Mansueto Ventures LLC. BODYCAM® is a registered trademark of Bodycam Solutions LLC.
Stretch your precious budget dollars and equip more officers with BODYCAM®— affordably priced at over 50% less than other brands.

Simplify the file download process with multi-camera docking stations specifically designed for use with the BODYCAM® BC-300.

The BODYCAM® offers incredible durability features, meeting military specifications, to withstand any climate.

1. **HIGH-IMPACT LENS PROTECTOR:** Lens is protected by a flush-mounted housing and an additional glass barrier, minimizing damage.

2. **IP68 ALL-CLIMATE RATING:** Built to withstand the rigors of any work environment.

3. **TRIPOINT GRIP:** Designed into the BODYCAM® housing, the TriPoint™ Camera Grip provides users with an enhanced hold on the device when handling, reducing accidental drops and potential camera downtime.

4. **POGO® PINS:** The BC-300 utilizes precision-machined, spring-loaded pogo pin contacts that produce a steadier connection and last 20 times longer than other connection types.

**VERSATILE MOUNTING OPTIONS**
From a magnetic mount to a rotating garment clip with 96 contact points, the BODYCAM® BC-300 has the versatile and rugged mounting options to securely grip your uniforms and prevent the camera from falling off and missing crucial evidence video.

**SELECTABLE NIGHT VISION**
Record a clear view in any lighting condition with built-in, high-intensity infrared illuminators configurable to be manually or automatically activated.

**IP68 WATERPROOF DESIGN**
With its IP68 waterproof rating, you can count on the BODYCAM® to deliver reliable performance no matter the weather conditions.

**12 HOUR FULL-SHIFT BATTERY**
While other cameras can’t last a full shift without needing to recharge, the BC-300 battery is designed to provide up to 12 hours of continuous recording on a single charge to cover entire shifts.

For ultimate peace of mind, BODYCAM® features an optional extended Hardware Protection Plan that covers loss and theft, and includes unlimited camera replacements due to accidental damage.

Ensure crucial events are not missed with the pre-event recording buffer that captures video of the events occurring before a recording is manually activated. No other camera offers a longer buffer when recording in High Definition.
